

FOPD-25

Fiber Optic Polishing Disc

Warning: Never use this tool on live electrical circuits; it is not insulated against electrical shock. Always use **OSHA/ANSI** or other industry approved eye protection when using tools. This is not to be used for purposes other than intended. Please read and understand instructions before operating this tool.

FEATURES AND BENEFITS

- Universal design fits most 2.5mm ferrule connectors including ST, SC, and FC connectors
- Inside and outside rims designed for improved hand positioning during polishing operation
- Channeled, raised base allows debris to escape easily and provide for easy polishing action

OPERATING INSTRUCTIONS

Please refer to the connector manufacturers instructions for proper polishing procedures. Most connector manufacturers supply detailed instructions for polishing procedures.

Warranty: RIPLEY warrants its products against defective materials and workmanship for a period of one year from date of shipment from the RIPLEY factory provided the product is utilized in accordance with instructions and specified ratings.
