

# AT Series

## Compact Compression Tools

### Features

- Narrow design maneuvers in areas where space and cable length is limited, such as wall boxes.
- Premium quality construction black oxide steel finish.
- Interchangeable connectors increase versatility.
- Low compression force handles for ease of use.
- Lightweight body & polymer grips for comfort.

### Compatibility

MODEL	PART #	59/6 UNIV (21MM)	59/6 EX (18MM)	RG7/RG11
ATX	43990-1		•	•
ATU	43990-2	•		•
ATC	43990-3	•	•	•

See reverse side for full list of compatible connectors.

Unique pivoting block accommodates proper compression of connectors.

Low compression force handles with comfortable polymer grips.

Center conductor gauge on tool body ensures proper preparation lengths.

Fixed factory calibrated compression lengths guarantee constant accuracy.
