

CC02-7000

Industrial Wire Cutters

Specification

- Length 7" / 180mm
- Blades of high carbon steel induction hardened, cutting edge
- Weight 233g

Capacity

- 5mm Dia Wire rope
- 4mm Dia Steel wire rope
- 2.5mm Dia Piano wire

Applications:

- Breaking into fiber cables containing strength members that would damage conventional wire cutters. Mini-Coax, centre conductors/ stingers of copper coated steel.
- Conventional wire cutting within the tools capacity.
- Electrical, Automotive, Industrial uses.

BENEFITS

- Induction hardened blades provide a clean cut of wire without flattening, fanning and splaying
- Handles padded with soft component for comfort in use
- Ergonomic design makes low hand force and provides a mechanical advantage to achieve an easier cut
- Smaller open width of handles makes it easy to close back and fits any hand comfortably
- Light weight and spring loaded to help reduce hand fatigue

MAINTENANCE

- Keep cutting edges clean from cable debris and gel.
- Lubricate metal parts on a regular basis using a water dispersant lubricant.
