

# MB02 Series

## All purpose cable slitter with range of modular tool trays

Multi-purpose precision slitter with a modular tray design, designed to make work on various cables, including dielectric cables, simple and straightforward.

**When it comes to cable cutting, precision is key. Our MB02 ergonomic, multi-purpose precision cable slitter is designed to perform the most accurate ring and longitudinal cuts on dielectric cables up to 0.79" (20mm), making it the only tool you need for cutting and slitting cable.**

Developed in conjunction with major broadband companies and a leading trade school for maximum functionality, the popular MB02 range is now available with customizable tool tray inserts, making it fully adaptable to your needs.

Equipped with a spring-loaded design that provides quick and easy slitting & ringing performance, and designed to fit comfortably in the hand for easy operation without risk of injury, the MB02 All Purpose Cable Slitter is the safest, most cost-effective solution for cable work globally.

### Features

- Integrated ring and longitudinal cutting channels, interchangeable trays set blade depth and working range for cable diameter up to 0.79" (20mm)
- Easily swap between magnetic tool trays with intuitive color coding and laser marking for easy application identification and fine-tuning, with additional trays available for purchase
- Safe, compact & ergonomic tool design fits comfortably in the hand for easy operation without risk of injury
- No adjustments needed on fixed, factory set, precision-ground tool steel blades with design origin from armor cutting tools
- Comes equipped with a spring-loaded design that provides quick & easy slitting & ringing performance. Also features an integrated stowage latch when not in use
- Convenient carrying pouch included
